Parkdale
2001 - 2002
By.
Pauline I.

It is a great honor to be chosen as the valedictorian for the graduating class of 2002. Our last year has gone by pretty fast, but we would not be where we are without the help and support from all the teachers. I would like to thank Mrs. Rainey for the extra math help last year, Mr. Nguyen for all the after school art projects, Ms. Kachuk and Mr. Merrell for being there to bug and Mr. Monro for always supporting me.

I would like to thank all my family and friends that encouraged me and helped me. I would not be here if it wasn't for you guys.

Just like us the school has changed and grown. The school got rid of the tire swings and replaced them with monkey bars. The art/music room was changed into the computer lab. Lockers were installed on the first and second floors and Eastwood's junior high was closed and sent to here.

To my classmates: CONGRATULATIONS!!!!!! WE MADE IT!!!!!! We have grown up together and it is going to be hard to say goodbye. Each of us has chosen different paths that will lead us into tomorrow. People say that life is like a garden. Choose the right soil and may the garden blossom. In other words choose the right path and may your future blossom.

To all future grade nines I leave you with this: study hard and may your hopes and dreams come true.

Thank you and may the Phoenix spirit live on in all of us.
